

Robert L. Morris Student Travel Grant Application form

The Parapsychological Association received a generous donation from Joanna Morris in a memorial of her late husband Robert L. Morris, who held the Koestler Chair of Parapsychology from 1985 to 2004. The funds are to be used to encourage student participation in the PA by awarding grants to go towards travel expenses incurred in attending the PA's Annual Convention. Applicants for this grant must be a student member of the PA who will participate in the PA Annual Convention. Student members who have recently graduated are still eligible provided that they graduated within 12 months of the convention for which they are applying for a grant, and that their convention submission relates to work completed while they were a student. A student may receive funding once in his or her career. Applications received after the deadline for conference submissions will not be considered and successful applicants will be notified within 8 weeks of that date.

Name of applicant:

Qualification currently studying for (or recently completed):

Awarding institution:

Are you a student member of the PA?

YES / NO

Have you previously been a recipient of the R.L. Morris Student Travel Grant? YES / NO

Please list here the title(s) and author(s) of paper(s) to be presented at this year's convention, denoting whether they are floor presentations, symposia, posters or research briefs.
